YANNICK, BEEN BORN IN THE NORTH OF FRANCE. LEFT HIS LIFE OF ADVERTISING EXECUTIVE TO REALIZE HIS DREAM,

LIVE ON THE MUSIC WHILE DISCOVERING THE WORLD.

SINCE SOME YEARS HE WALKS COUNTRIES WITH HIS ACCORDION ON THE MEETING OF THE MUSICIANS WITHOUT BORDERS.

On the ways of the Bohemia, he met a Congolese, Solo Sita and SOS Watondo who will allow him to discover finally the stage. He will occur in Holland with his Darbuka.

Arrived in the Caribbean, he is going to meet Cubans, Inhabitants of Guadeloupe then to integrate Toccata into Martinique with his ukulele.

The accordion appeared three years ago when it arrives in Colombia by sailboat. He will form a French-Argentine duet, Gringo Loco, with Luciano Astori, guitarist.

They will make the tour of South America during 2 years, by playing in streets, buses, bars, hostels, boats and some festivals. They will burn their disk, Gringo Loco, « El camino of Bohemia » in the studios of Bogotá, and in the hostel rooms with their portable microphone.

Yannick autooccurs in the graphic realization, the editing of his videos as well as in the recording of her record.

After this long travelling, Yannick brings in in France, and cheek for the first time in its country, France. The magic works but still shy, he decides to leave to

Canaria islands where he will meet Male, a percussionist and a player of Senegalese kora. The French-Senegalese duet will bring a new sound, which is again going to enrich its musical education and its journeys.

Finally only Thailand and Japan, where he will become aware of his energy, of his strength, its voice of its passion and love that he sends in the face of his public. And this public who he dismisses its gratitude much to his surprise. He meets Moot Talas Band, and play in Japan with her

So he will learn to make a magic with music.
